## FROM THE PRESIDENT

### Morning Spirit, Moorlife Family!

It doesn't feel like Moorlife's journey to accompany the lives of Indonesian families has been going on for more than a decade. The enthusiasm from consumers as well as the enthusiasm and full dedication of the entire Moorlife family, including the Moorlife Entrepreneurs, have brought our big dreams closer. This is the fruit of Moorlife's hard work which always combines the best quality with practical and functional designs to meet consumer needs. However, of course our struggle must not stop here, there are still many new challenges in the future that we must face. One of the biggest challenges this time is how we can expand market expansion to young people through digital innovation.

After conducting research on values that suit the younger generation market, Moorlife starts to enter by introducing product innovations and colors that are more minimalist in style, a movement to reduce single-use plastic waste, as well as various digital campaigns. Through these steps, Moorlife is here to carry a vision to bring more positive things to society.

With this vision, Moorlife is also dedicated to continue to innovate by presenting quality products with a minimalist concept and becoming a superior and trusted direct selling company. We also continue to develop fresh ideas to expand our market network and business potential through increased branding activation, digital strategies and various new programs for consumers.

The efforts to introduce Moorlife are not only limited to national coverage, but also spread to international markets. Moorlife has succeeded in penetrating foreign markets such as the Philippines, Brunei Darussalam, Singapore, Mauritius, Malaysia, Cambodia and will continue to expand its market to other countries, such as Thailand, South Africa, and even the Middle East. This is a clear evidence that we must believe in quality products made by the nation's children so that they are able to compete in the international market.

We have taken many steps to strengthen branding within the country, one of which is through the Indonesian Coloring Competition program which has been successfully participated in by 1,880 schools and almost 200,000 students simultaneously throughout Indonesia. Through this activity and various other CSR activities, we have not only improved Moorlife's branding, but also succeeded in reaching more consumers throughout Indonesia and of course have an impact on increasing the income of Moorlife Entrepreneurs. This is in line with Moorlife's mission to improve the quality of life for people to be happier, healthier and more successful.

We are aware that all of these achievements can not be separated from the active role of the Moorlife family. Therefore, as a form of support, we support this movement through various product, business training and digitalization optimization. This year, Moorlife carries the theme **"There is More"** with the aim of having a broader and greater positive impact on society. We are committed to making society better by always providing the best service and quality products with a lifetime guarantee, which also differentiates Moorlife from similar products.

So, this is the right time for you to join and become a part of the big Moorlife family and achieve every success you dream of. Let's work together to be individuals who are beneficial to the Indonesian economy & the surrounding environment. Because great things begin with your small steps today.

Greetings of Happiness, Health, and Success!

**Hermanto Tanoko**  
Founder & President

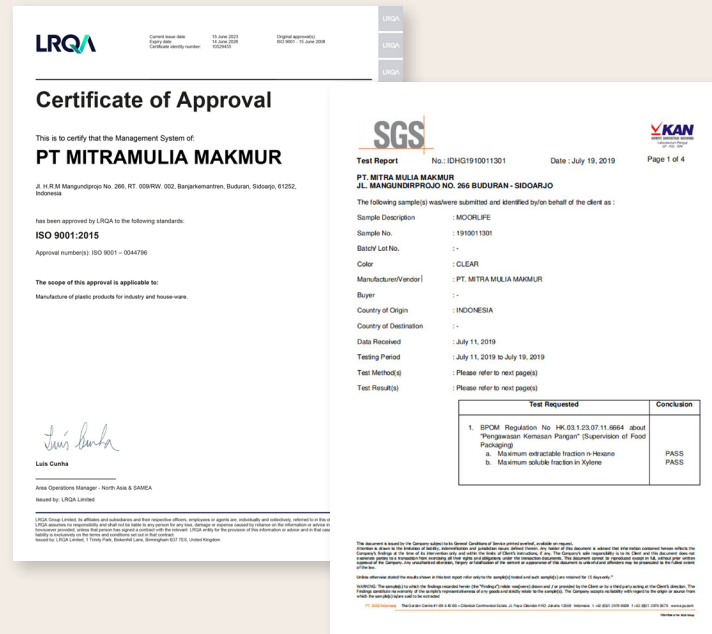

# SUPERIORITY OF Moorlife

- ✓ Premium plastic product
- ✓ 100% food grade material (FDA certification)
- ✓ ISO 9001 guarantee
- ✓ High quality materials
- ✓ Thicker than similar products
- ✓ Various color and attractive series
- ✓ Consistent and long lasting
- ✓ Hygienic, safe, and healthy
- ✓ *Moor Lifetime Guarantee*

Moorlife products have received recognition from international certification bodies that the products are safe for use in accordance with the provisions of the FDA (Food and Drug Administration), which is in charge of regulating food and dietary supplements in the United States.

Moorlife products are manufactured by companies that have received quality management system certification from international certification bodies. ISO 9001 is a certification for a quality management system that refers to ISO (International Standard Organization) rules.

Moorlife products are protected by the Moor Lifetime Guarantee, which means the Moorlife products that are damaged due to normal use (according to their function) can be exchanged for free at the nearest CEO office, Moorlife Gallery or Moorlife Center.

All damage to Moorlife products can be replaced in a Moor Lifetime Guarantee claim, EXCEPT:

**RIPPED / BROKEN**  
due to a hit from a hard object

**CURVED**  
due to extreme hot liquid

**COLOR CHANGING**  
due to food or drink stains

**SCRATCHED / CUT**  
due to impact or friction from sharp objects

**MELTING**  
due to the influence of surrounding hot objects

**BITE SCARS**  
by animal

Products that are **not included** in the **Moor Lifetime Guarantee** are:

- Biochef Premium Cookware products
- Printing Products
- Bag Products
- Cardboard box

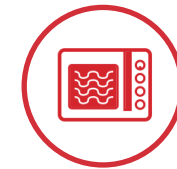

**Foodsafe**

**Leadfree**

**Dishwashersafe**

**Microwavesafe**

**Freezersafe**

**Nontoxic**

**BPAfree**

**ISOstandart**

### TIPS FOR WARRANTY CLAIMS:

1. Bring the complete product that will be guaranteed, container, lid and other complementary parts.
2. Make sure you get a receipt from the CEO / Moorlife Center / Moorlife Gallery staff to ensure your replacement is served in a timely manner.

## PRODUCT USE INSTRUCTIONS

Moorlife products are specifically designed for food storage, so that the stored food remains fresh and lasts for a long time.

However, the storage period for each food depends on several factors, such as the freshness of the food ingredients when purchased, how to store them, and so on.

Moorlife products are made from quality and food grade materials that are safe for storing food so it stays crispy and fresh longer. The following is how to open and close the seal or lid based on the Moorlife product category.

### STACK & CLICK

#### How to Close & Stack

Press the seal towards the inside of the container using both thumbs until it clicks

Place the stack and seal container on top of another closed container

Press the top of the container until it clicks and make sure the container is locked completely

#### How to Open

Lift the seal slowly until it opens completely

### ROUND SEAL

#### How to Close

Press the sides of the seal and container together using both thumbs

Press around the seal using both thumbs slowly until it closes tightly

Press the center of the seal while open the side slightly to release air, then close it tightly again

#### How to Open

Hold one side of the container and slowly lift the seal until it is completely opened

### SQUARE, RECTANGULAR, MODULAR SEAL

#### How to Close

Place the seal on top of the container, tighten one side of the seal

Gently press around the seal using both thumbs until it is completely closed

Press each end of the seal and make sure all parts of the container are closed tightly

#### How to Open

Lift the seal at each corner until the seal opens

### EASY SEAL

#### How to Close

Hold the container with one hand, place the seal on the container and press down slowly

Make sure the container is tightly closed by pressing the seal

#### How to Open

Open the container by slowly lifting the seal until it opens completely

### ONE PUSH

#### How to Close

Place the seal on the container, place your thumb on the seal, then press until it clicks

#### How to Open

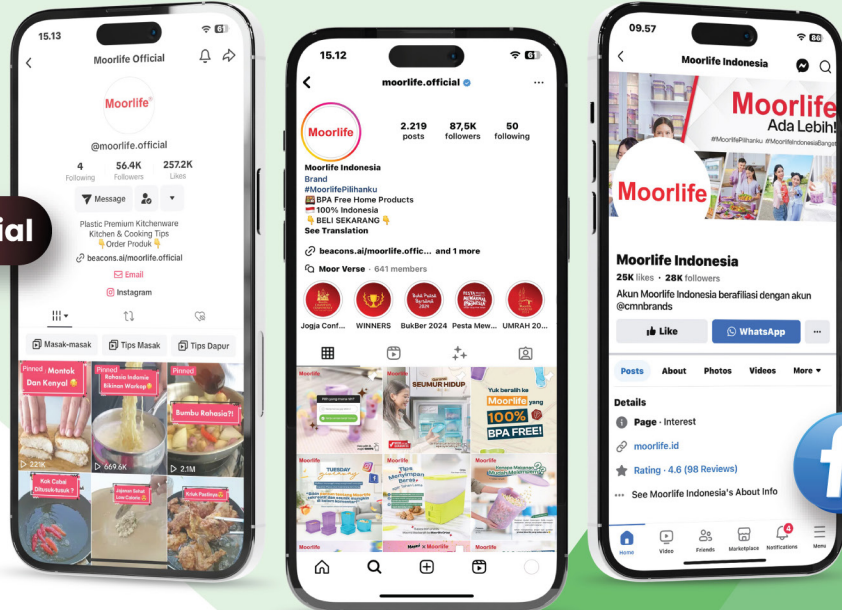

Press the center of the seal with your thumb while slowly lifting the edge of the seal
